

Scope of Work - date: 26 April 2005

In the course of education and training and the exchange with the partner university in Padang a lecture event is planned. The lectures contain the basics of the construction physics, climate-just building combined with a workshop for dynamic calculations of building simulation. Besides lectures are planned about the structural calculation with the finite element method.

Part 1: Prof. Dr.-Ing. Hans-Peter Leimer

08 July – 17 July 2005

Friday, 08 July 2005

14.35 Flight Hanover - Frankfurt with LH 1005
12.35 Flight Frankfurt - Singapore with SQ 25

Saturday, 09 July 2005

14.05 Flight Singapore - Padang with Silkair MI 266
14.10 Arrival at Padang

Sunday, 10 July 2005

08:00 Breakfast
Day Open for own disposal

Monday, 11 July 2005

08:00 Breakfast
Day Open for own disposal

Tuesday, 12 July 2005

08:00 Breakfast
Morning Lecture: basics of building physics / building climate
Afternoon Preparation workshop building simulation

Wednesday, 13 July 2005

08:00 Breakfast
Morning Lecture: applied building physics
Afternoon Preparation workshop building element simulation

Thursday, 14 July 2005

08:00 Breakfast
Morning Workshop: climate-just building in tropical areas
Afternoon Practice: building – building- / building element simulation

Friday, 15 July 2005

08:00 Breakfast
Day Workshop building simulation
Workshop building element simulation
Evening Preparation of the presentation

Saturday, 16 July 2005

08:00 Breakfast
Morning Presentation and final meeting
14.55 Departure Padang with Silkair MI 266
22.50 Departure Singapore with SQ 26

Sunday, 17 July 2005

08.10 Departure Frankfurt with LH 1000
09:00 Arrival at Hanover

Part 2: Prof. Dr.-Ing. Eberhard Grossert

15.July – 24.July 2005

Friday, 15 July 2005

14.35 Flight Hanover - Frankfurt with LH 1005
12.35 Flight Frankfurt - Singapore with SQ 25

Saturday, 16 July 2005

14.05 Flight Singapore - Padang with Silkair MI 266
14.10 Arrival at Padang

Sunday, 17 July 2005

08:00 Breakfast
Day Open for own disposal

Monday, 18 July 2005

08:00 Breakfast
Day Open for own disposal

Tuesday, 19 July 2005

08:00 Breakfast
Morning Lecture: basics / introduction Finite-Element-Method
Afternoon Information about the programs

Wednesday, 20 July 2005

08:00 Breakfast
Morning Lecture: Finite-Element-Method
Afternoon Workshop with examples

Thursday, 21 July 2005

08:00 Breakfast
Morning Lecture: Finite-Element-Method
Afternoon Workshop with examples

Friday, 22 July 2005

08:00 Breakfast
Morning Lecture: Finite-Element-Method
Afternoon Workshop with examples
Evening Preparation of the presentation

Saturday, 23 July 2005

08:00 Breakfast
Morning Presentation and final meeting
14.55 Departure Padang with Silkair MI 266
22.50 Departure Singapore with SQ 26

Sunday, 24 July 2005

08.10 Departure Frankfurt with LH 1000
09:00 Arrival at Hanover
